

# CORMISTON LEGAL

Cormiston Legal is a Launceston based law firm specialising in commercial law and conveyancing. We provide professional, efficient and value for money services.

## CONVEYANCING WITH CORMISTON LEGAL

In addition to preparing contracts and attending to the transfer of real estate, we also attend to all relevant searches, assisting with your first home owners grant (if eligible), dealing with your bank and other solicitors/conveyancers to complete your transaction.

## WILLS

When buying or selling property you should also consider making a new Will. Having a Will prepared by a solicitor gives you peace of mind that your estate (being all assets owned by you at your death) will be distributed in accordance with your wishes. It is important that your Will is reviewed from time to time and especially when your circumstances change, for example when you buy or sell property. We are happy to discuss making a Will and the associated costs.

## OTHER SERVICES

As commercial law specialists Cormiston Legal can assist with subdivisions, leasing (commercial, retail and residential), buying and selling businesses and general commercial advice. Please contact Sam Pratt if you need assistance with any commercial matters.
